Through JHM Carelink, community users can get secure access to select patient information in JHM EMR data repository and improve care continuity. This continuity provides many benefits for our patients, including the following: provides a more transparent flow of information between the doctors. It makes it easier for the external doctors to put referrals and orders for JHM. Connects the Members in JHM with experts using electronic visits, providing care to a broader group of patients. Allows JHM to send releases of electronically information to the Community clins. Give your community clinics access to review the patient's picture to encode and accompany claims. It allows the coordination of social services outside the JHM. JHM Carelink is not an EMR solution; It is a mainly reading application with some service-oriented resources, such as procedural requests and co-subscription health orders. JHM Carelink provides reference medical with medical records of his patients for 90 days after a metering consultation, laboratories or image tests, outpatient visits or hospitalization at Johns Hopkins Hospital, Johns Hopkins Bayview Medical Center, HOWARD County General Hospital, Sibley Memorial Hospital, Johns Hopkins All Services of the Hospital of Children and Johns Hopkins The outpatient services. You can also request a specialized query to be scheduled by the patient. Community users outside the JHM who need to review the clinical and administrative information of patients observed within Johns Hopkins Medicine Member Organizations. Community users could include the following: the referencies referenced for the documents contracted and their supporting employees or supporting office or agencies requesting documentation Through communal and public health organizations there is no cost associated with the use of JHM Carelink. Internet access using a commercial browser, such as Chrome (recommended) or Safari. The use of Internet Explorer is discouraged. You can request access JHM Carelink for clinical team, non-clinical staff and office administrators in your practice. Each team member will need to sign up for Johns Hopkins Carelink, electronically sign the terms and conditions, and comply with patient confidentiality rules. You and your clinical team, including medical assistants, nurses, administrative staff and office manager, will have access to the medical records of their patients. At least one person on your site should be assigned Site Administrator, which will have additional administrative responsibilities. Self-service password redefinition (available 24 hours) Does my site administrator restart my password? Yes, your site's administrator can reset your password.
