Seminario sul Progetto Formativo "Insegnare a Insegnare" - pt. L'evento si rivolge in forma particolare ai laureandi e neolaureati dei CdS in Ingegneria Elettrica, Ingegneria Meccanica, Ingegneria Elettronica, Ingegneria Ambientale ed Ingegneria Energetica. 1° Career Week dell'Università di Pisa Settimana di incontri tra laureati e studenti dell' Ateneo Pisano e responsabili di aziende, enti e organizzazioni. Dal 17 al 21 Settembre 2018 presso il Centro Congressi "Le Benedettine" (Piazza San Paolo in ripa d'Arno). 12-19 August 2018 Student AIDIC 2018 Due studenti del Corso di Laurea Magistrale in Ingegneria Chimica dell'Università di Pisa sono risultati vincitori del concorso AIDIC "Student AIDIC 2018" e parteciperanno alla 4th Summer Academy of Energy che si svolgerà a Budapest dal 12-19 August 2018. Premio Tesi di Laurea. In occasion of the 52° Congress dell'industria Italian lettering, Aticelca lancia il Premio “Carta Tecnologia Futura” alla migliore tesi di laurea per il settore Cartario. Il programma dell'evento è disponibile a questo link. L'evento sar  inaugurato da una tavola rotonda di approfondimento congiunta nella quale Universit  e Imprese, assieme a numerosi ospiti, si confronteranno faccia a faccia per rispondere alle sfide del territorio in maniera integrata e coerent. Bando ERASMUS+ : It is a publication for BANDO ERASMUS+ for the student 2019/2020: STUDIO, TIROCINIO, TESI, TIROCINIO DA NEOLAUREATI all'estero. Bando, linee guida, requisiti di partecipazione e selezione sono disponibili alla pagina web dedicata del portale Erasmus Manager. Specific procedures per gli studenti di ingegneria si trovano a questo link nella sezione "Internazionale" del sito della Scuola. La scadenza per la presentazione della domanda   fissata alle ORE 12 del 19 APRILE. Orientation: giovedì 20 maggio 2021 alle ore 14:30 gli studenti del iii anno del corso di laurea in ingegneria chi sono invitati a partecipare a partecipare alla presentazione del corso di laure magistrale in in ingegneria chimica (link classroom virtuale) climate expo, online, free and close to tutti, climate expo   la conference virtual dazza em programma dal 17 al 21 maggio 2021, climate expo si svolge in un tempocrti dei pre-meeting e dei negoziati della COP26, and fa parte delle iniziative ufficiali pre-COP26 di AilClimate italy 2021. 16-19 Settembre 2018 - international conference on distillation and absorption, September 16-19, 2018 florence (Italia.) ing. virtual recruitment day. Gioved  15 April 2021 alle ore 15:00 si terr  il tradizionale career day promosso da accenture in collaborazione con il career service. l'evento (in modalit  virtuale) si rivolge in particolare ai laureandi e laureati dei corsi di laurea magistrale delle discipline stem (ingegneria, matematica, fisica,) economy and informatica umistica. le iscrizioni si effettuano tramite la piattaforma career center by job teaser por l'indirizzo email istituzionale fornito dall'universit  di Pisa. per tutte le info visit il link il prof. 2020 ceimonia di premiazione ĩneos master thesisDecember 10th 2:30 pm The ceremony of awards of the first edition of ĩneos Master Thesis Awards occurs. At the moment, in the ĩtem, the regular references to this life is scarce, although in the last years some records have been expressed promulgating guidelines for the management of environmental authorization of the dustial management systems and waste. Analyze the state of art in the question of managing odoriferous through the sharing of Tuscan experiences of integrated methodologies for study and potential authority potential. Mate Ruhr University BOCHUM, visiting member of the Civil and Industrial Engineering Department. Tern A Memn  Rio, a title suggests: "About the structure of the set of active sets in restricted linear control." ----- Pacinotti Engineering-Pisivalersity Patients of Pisa on Thursday, 9 of Marion was held in the classroom of Pisa Engineering School, the workshop on administration   o of odor emissions in the process sector. It also analyzed revisions to verify reliability. Profile The scientific and methodological technician, allows you to deal with the treated problems of the world of quommic internship. The basic skills required from young graduates, the skills and challenges of the engineer and techn . Process, stimulating collective discussion and highlighting the dynamism of these professional figures, with emphasis on the experiences abroad and the activities "in the field". In particular, one of the two winners, one of our brilliant new graduates, will receive the award for their master thesis. Conventional lessons, specific exercises and study cases will be available to participants. Gabriele Pannocchia. The school concluded a final round table with company professionals from different sectors. For all details, see the attached ad. Covid Emergency and Lessons İI Period: The aggregated CDs of chemical engineering, after the approval of the School of Engineering, provided for the second period of the lessons (from 1 March) the following modalities of teaching provision: a distance (father) for the three- Course of Year (Year I-I-III), in the presence (Blended) for the Master's course (year I-II) (possible in the case of Tuscany in the yellow or orange area). The need also emerged to enrich the preparation of students with initiatives to improve transversal skills (social skills). Riccardo Bacci di Capaci reported in an internal seminar aimed at CD teachers, the content of the "Teaching to teach" training project organized by the University. The creation and management of virtual classrooms is possible to allow the student to participate remotely, using their computer, tablet or mobile phone. Aicid event Sez. 45 Reception Tutor. Over the following days, more than 40 national and internationally important companies will intervene individually to offer numerous work positions, giving participants the possibility of supporting individual interviews aimed at recruiting.
