If you want to know more about Rogue APK agents, you can visit the official developer site for more information. The average is voted by 9940 users. Third person shooter with a realistic physical-based gameplay. In this game, you must be a secret and spy agent to be skilled in every field to hire challenging missions around the world. There are more than 7 maps that can be played in. You can do Parkour, race on the wall, and do stunts and much more in the vast world of taking the enemy. The strategies must be applied secretly and use the tactical advantages given to you in the game to stage the enemies without the neighbors knowing anything. You can play with your friends and make new friendships in the game with real players playing the game. There are lobbies in which you can invite and create your own lobby to have fun together. The HUD can be customized according to your needs so that you can play the uninterrupted game for hours. The game has a gyroscope support so you can check the character easily holding and moving the phone. There are a vast collection of agents that have different classes, you can play role of anyone by selecting your favorite agent for the field. There are a lot of weapons that you can use and other items in the game you can interact with. There are 3 game modes and ie free for everyone, team deathmatch and capture point. Gameplay The gameplay is complex but the controls are simple and easy to use. Just like other games you need to use the virtual joystick to control your character's movement. You can shoot, dried plum and use other skills by touching the respective button on the bottom right side of the screen. You can choose any game mode, once enough players are in the hall game fun starts PVP. You can free wander into the lobby and after the game starts you need to survive until the last and take a maximum of killing to win the game. You can use the maps to your advantage as many objects and items in the environment are interactive. You can do Parkour or run on the walls to shoot the enemy in style. The map is displayed at the top left with your position as the yellow indicator. The map also shows important places and other information with navigation to the area using markers. You can use skins both for weapons and your character for elegant look. The only unique game features with the possibility of doing Parkour and run on the walls. Interactive elements in the map make this game more fun and strategic. Play real-time with friends or other players from all over the world. Physical realistic game mechanical base for fun additives and endless. Personalize HUD and United Arab Emirates Gyroscope for better character control without using all fingers. On files this game is developed by midnight games. 2020-7-20 was updated, its size is 80A MB. Its current version is 0.8.31, requirements of your Android ISA 4.1 and up.
