In a Nutshell Polo Vivo 1.4 Trendline offers excellent fuel efficiency, making it a popular choice among budget-conscious drivers. Average fuel consumption for the Polo Vivo 1.4 Trendline is approximately 6.2 liters per 100 km. Factors like driving habits, road conditions, and maintenance can affect fuel consumption. Learn how to maximize your Polo Vivos fuel efficiency with practical tips. FAQs address common questions about maintenance, fuel types, and cost efficiency. Table of Contents The Polo Vivo 1.4 Trendline is not only renowned for its reliability but also for its commendable fuel efficiency. In this post, we delve into the intricacies of its fuel consumption to offer potential buyers and current owners a comprehensive understanding. Fuel consumption refers to how much fuel a vehicle consumes to travel a certain distance. Its typically measured in liters per 100 kilometers (L/100 km). The lower the number, the more efficient the vehicle is. Common terms:MPG (Miles Per Gallon); Often used in the US. L/100 km (Liters per 100 kilometers): Commonly used in many other countries. Key specifications of the Polo Vivo 1.4 Trendline include: Engine: 1.4-liter petrol engine. Power Output: 55 kW @ 5000 rpm. Torque: 132 Nm @ 3750 rpm. Transmission: 5-speed manual. Fuel Consumption: Approx. 6.2 L/100 km. For more detailed specs, you can visit Polo Vivo Specifications. Real-world fuel consumption often varies from manufacturer claims due to varying driving conditions and habits. Typically, reviews and user reports indicate: City Driving: Approximately 7.5 L/100 km. Highway Driving: Approximately 5.5 L/100 km. Combined: Approximately 6.2 L/100 km. Several factors can influence the fuel consumption of the Polo Vivo 1.4 Trendline: Driving Habits: Aggressive driving and speeding can increase fuel consumption. Maintenance: Regular servicing, keeping tires properly inflated, and clean air filters ensure optimal fuel efficiency. Load: Extra weight can lead to higher fuel use. Road Conditions: Stop-and-go traffic and hilly terrains consume more fuel. Weather Conditions: Cold weather and use of AC/heating systems can affect fuel efficiency. Maximize your Polo Vivos fuel efficiency with these tips: Drive Smoothly: Avoid sudden accelerations and braking. Maintain Regular Service: Ensure your vehicle is well-maintained. Check Tire Pressure: Keep tires inflated to the recommended level. Reduce Load: Only carry necessary items. Use Cruise Control: Helps maintain a steady speed on highways. Find additional details on improving fuel efficiency. How often should I service my Polo Vivo 1.4 Trendline?Regular servicing at every 15,000 km or annually is recommended for optimal performance. What type of fuel is best for the Polo Vivo 1.4 Trendline?Unleaded petrol with an octane rating of 95 or higher is ideal. Does driving faster consume more fuel?Yes, speeds over 90 km/h significantly increase fuel consumption. How can I check my fuel consumption?Use the trip computer or manual calculations by dividing the distance traveled by the fuel used. Whats the impact of tire pressure on fuel consumption?Under-inflated tires create more rolling resistance, requiring more fuel to maintain the same speed. Can air conditioning affect my fuel consumption?Yes, using the AC can increase fuel consumption by up to 20%. Is it more fuel-efficient to drive with windows down or to use air conditioning?At lower speeds, windows down is more efficient. At higher speeds, AC is better as wind resistance with windows down can consume more fuel. For more insights on fuel consumption and efficiency, refer to Fuel Consumption Guide. In conclusion, understanding and improving the fuel consumption of your Polo Vivo 1.4 Trendline can lead to significant cost savings and a more enjoyable driving experience. Whether youre a current owner or considering purchasing one, these insights will help you make informed decisions.Body typeHatch, 5 doors, 5 seatsTransmission7 speed, AutoEngine4 Cyl, 1.4 L Petrol - Premium ULPDrive typeFront Wheel DriveInputsAux input socket (MP3/CD/cassette)Aux input USB socket MP3 decoderAirbagsDriverPassengerHead for 1st row seats (front)Head for 2nd row seatsSide for 1st row occupants (front)SeatbeltsLap/ash for 5 seatsPretensioners 1st row (front)Load limiters 1st row (front)Adjustable height 1st rowVehicle controlABS (antilock brakes)TractionElectronic stabilityHill holderEBB (electronic brake force distribution)SecurityCentral locking - once mobileCentral locking - remote/keylessEngine immobiliserAir conditioningTechnologyIlluminationSunvisorVanity mirror for driverVanity mirror for passengerFront storageStorage compartment - centre console 1st rowCooled storageDoor pocketsDrink holdersBottle holders - 1st rowCup holders - 1st rowCup holders - 2nd rowCargo spaceCargo coverCargo tie down hooks/ringsHeadlightsElectric level adjustmentLightsDaytime running lampsFog lamps - rearPower windowsFront & rearRemote control open/closeWindowsHeat insulated - side windowsHeat insulated - windscreenWipersIntermittent wipers - variableRear wiper/washerFront row seatsHeadrestsAdjustable 1st row (front)Adjustable 2nd row x3Body colouredBumpersDoor handlesExterior mirrors partialBootRemote boot/hatch releasePower socketsDifferentialElectronic differential lockPower steeringElectro-hydraulicSpeed sensitiveSteering columnTypeIndependent front suspensionSpare wheelEngine ConfigurationCamshaftValves/Ports per CylinderGeneric Engine TypePower to Weight RatioAcceleration 0-100km/hGear TypeDirect-Shift Gearbox (Sports Automatic Dual Clutch)Fuel TypeFuel DeliveryMethod of DeliveryFuel Consumption CombinedFuel Consumption HighwayFuel Consumption CityFuel Average DistanceFuel Maximum DistanceFuel Minimum DistanceCO2 Emission CombinedFront Rim DescriptionRear Rim DescriptionFront Tyre DescriptionRear Tyre DescriptionTowing Capacity (braked)Towing Capacity (Unbraked)Warranty in Years from First RegistrationWarranty in KmWarranty Customer AssistanceWarranty Anti Corrosion in Years from First RegistrationFirst Service Due in KmFirst Service Due in MonthsRegular Service Interval in KmRegular Service Interval in MonthsCountry of OriginOverviewPolo has upped the ante in its latest incarnation, taking directly to the competition and firmly staking its claim as the Golf's smaller but equally prestigious sibling. It exudes a new-found quality from its handsome exterior to the classy cabin where the feel of the controls and appointments compare with the best. You have a choice of petrol or diesel power and manual or DSG auto transmissions. Any of the combinations serve the car well. It's a vehicle that has a big car quality feel about it, with all the required safety features and plenty of options to personalize your ride.NSW Probationary StatusFuel cost per 1000kmOption packAlarm with Tow Away & Motion sensorsAlarm with Tow Away ProtectionPaint* The information on this page including estimated valuation range has been prepared bycarsales.com.auPty Ltd (carsales), not the dealer, based on data and information gathered from a variety of sources, such as carsales delisted price data for similar cars advertised on the carsales Network, seller indicated selling price from carsales' exit market surveys, and/or price data from Automotive Data Services Pty Ltd (Redbook).
