done. That's why we collected 27 of the best (and only the best) Graphs of Hiragana there outside. Here is the original image less all the fluff around it. Or you can grasp them all and fill up A binder. Scroll. Practice choosing the character you want to write. This is their basic chart of Hiragana, though, so no mnemonic here. Take the Mnemonicos who work better for you to learn Hiragana even more quickly. And if this is not. It's enough, there are more and more practical on our Learn Hiragana page. That beautiful, beautiful face near the lower left corner. Alternatively, download the original Hiragana PDF table. Visit the Happy Lila website C For further practices based on the sheet above. Hiragana graphics based on mnemonic when it comes to learning and storing, mnemonic are the best way to go, hands down. Graph "Retired" by Tofugu This is our old Hiragana table. Dr. Moku's Hiragana Chart Dr. Moku is an app that teaches Hiragana using Mnemoniconi. And this The most Dakuten Hiragana combination. Happy Lilac Hiragana Graph This chart is available in size. These contours help you organize all forms of letters. I hope these suggestions and worksheets are useful for you. But don't pass all your time looking for graphs. PDF versions of books and other materials are available (including some free downloads) here. The same rule goes for the other graphs in this list (click Full Size). Why is it gray? It is similar to our current. Some will feel more personal (and therefore more effective) than others. Visit the Nifty Kid page and click on the blue [Åfæ`À, à € ç Å,f, 00 Å á € œ à á â ã ä å Æ Å ä² Å £ Å ä](#), buttons to view (and print) Every single sheet. Michael Rowley's Mnemonic Hiragana Chart This chart comes from a 1992 book called Michael Rowley's "Kanji-Pict-O-Graphix". Mom no yume koubou's hiragana / katakana bright graphic, bold colors. I love him when teachers have put more and effort to help their students. The physical version of this Hiragana chart is available for purchase on amazon.co.jp. Unfortunately, [Åf](#)
