

I'm not a bot

This item will be delivered directly by our supplier. Lead times are shown on the product and trolley pages and are always advertised in working days (Monday to Friday). If your order contains items stocked by us and items that come direct from the supplier, your order will be automatically split and processed accordingly. We will pass the details you give us, including delivery details, your email address and your phone number, to the relevant supplier. Most of our suppliers can deliver to any UK address. Delivery to remote or offshore postcodes may take a little longer than the advertised lead time. If the supplier cannot deliver to your postcode or we believe your order may take longer, we will try to tell you beforehand. Items that come direct from a supplier will be delivered by the courier chosen by the supplier. Where possible, suppliers will update you with delivery information. This may be by email, phone call or text message. Items delivered direct from suppliers cannot be returned through a store. You would need to return these items direct to the supplier, unused and in their original packaging, at your expense. You can arrange for the items to be collected, for a fixed fee of £9, by contacting our Customer Services team. The fee will be taken off your refund. There is no charge for faulty items being collected. Please note, you cannot return bespoke or made-to-measure items unless they are faulty. A BBC Gardeners' World Magazine Best Buy award winner this simple, comfortable-to-use washer shifts dirt with ease - the included patio cleaner works like a dream, powering splash free across neglected surfaces. It has a choice of nozzles, comes with a sample of patio detergent and a three year warranty, if bought directly from Kärcher.Set up/storage4.0A star rating of 4.0 out of 5.Ease of use5.0A star rating of 5.0 out of 5.Performance5.0A star rating of 5.0 out of 5.Value for money5.0A star rating of 5.0 out of 5.Overall Rating4.8A star rating of 4.8 out of 5.Powerful patio and surface cleanerComfortable to useIntegrated detergent feed Good choice of spraysNeeds more assembly than manyBuy other Kärcher pressure washers on AmazonThe Kärcher K3 has a 1600w engine, a water flow rate of 380 litres per hour and delivers 120 Bar of pressure. It has wheels and two handles, including one on the front, which make it easy to lift and move around as does its weight. It has a six metre hose and comes with both a variable spray lance and a dirt blaster spray plus it has an extension lance so there's no need to bend over as you work and put strain on your back. The body of the washer has an integrated detergent tank and onboard storage for the cable, hose and lances plus a patio cleaner and a sample of patio and deck cleaner are included.This needed the most assembly of all the pressure washers in our test - the wheels, handles and onboard storage all need attaching with a screwdriver. This takes about 10 - 15 minutes but there are clear instructions showing what you need to do. Once built, it's simple to use with easy, click-on and -off nozzles and lances and the trigger handle is comfortable and doesn't vibrate in the hand. It cleans quickly and with power and the patio cleaner is far and away the best in our test, scrubbing clean neglected paving in one pass without spraying grime and filthy water everywhere. It's noisier than other patio cleaners as unlike those it doesn't have bristles, but it's worth it for the cleaning power. It's also by far the lightest washer we tested in this price bracket but this does make it feel less sturdy compared to the other, higher priced washers in our test.The patio cleaner attachment makes this pressure washer the ideal choice for quickly blasting clean paths, patios and other surfaces in smaller gardens but the nozzles will also tackle bikes and cars as well as garden furniture and decking.With such impressive cleaning power this pressure washer is excellent value for money. A broad range of other accessories such as a Power Brush, Power Scrubber and Car and Bike Wash Brush are also available to buy and it comes with an extended three year warranty, when bought directly from Kärcher.Looking for some tips about cleaning your garden? Watch these video guides to find out the best way to clean decking, while Monty Don shows you how to clean a greenhouse.Our experts have tested some great kit to give you a helping hand if you're tidying the garden, too. Our round up of the best pressure washers and best leaf blowers and leaf vacuums might be of use, and if you need a garden hose, check out our reviews of the best garden hoses and best garden hose spray guns. For the ultimate eco-friendly option, why not install a water butt to use with your portable pressure cleaner?For more cordless garden tools, read our best hedge trimmers, best cordless mowers and best robotic mowers guides. K 3 Power Control høytrykkspølør med G 120 Q Power Control spraypistol og strålerør. Med applikasjonskonsulent via app, som gir praktiske tips for enda mer effektive rengjøringsresultater. Takket være den praktiske applikasjonskonsulenten i Home & Garden-appen som kan støtte K 3 Power Control, er det mulig å få enda bedre rengjøringsresultater - og gjør brukeren til en rengjøringsekspert. Appen tilbyr også informasjon om enheten, applikasjonen og Kärchers serviceportal. Riktig trykknivå for bruken kan stilles inn direkte på strålerøret og sjekkes på displayet til G 120 Q Power Control spraypistol - for maksimal kontroll og det ideelle trykket for hver overflate. Bytte fra høytrykks- til vaskemiddelmodus kan gjøres uten å endre strålerøret. Vaskemiddelet kan påføres raskt, enkelt og komfortabelt fra den integrerte vaskemiddellanken. K 3 Power Control imponerer også med et uttrekkbart teleskophåndtak for komfortabel transport og oppbevaring, et stativ for større stabilitet, holdere for tilbehør og kabel samt Kärcher Quick Connect-systemet. Stativet kan også brukes som et ekstra bærehåndtak, noe som gjør enheten veldig enkel å løfte opp på en hylle eller laste inn i bagasjerommet på en bil. Kärcher Home & Garden-appen gjør deg til en rengjøringsekspert. Dra nytte av all vår Kärcher-ekspertise for å få perfekte rengjøringsresultater. Praktisk og omfattende service: All informasjon om enheten, bruken av den og vår serviceportal. Den optimale innstillingen for hver overflate. Tre trykknivå og ett trinn for rengjøringsmiddel. Full kontroll: Det manuelle displayet viser innstillingene som er gjort, Quick Connect adapter for enkel festing av høytrykkslange og tilbehør. Praktisk høyde for flytting av maskinen Kan trekkes helt inn for optimal oppbevaring. Rent og komfortabelt: Vaskemiddellanken kan fjernes for fylling. Praktisk tank til rengjøringsmidler forenkler påføring. Kärcher vaskemidler øker effektiviteten og beskytter og pleier overflaten. SE ALLE VÅRE HØYTRYKKSPLYLERE Tje Kärcher K2 and K3 are the brand's entry-level pressure washers that offer good value for money. But what is the difference between them? And is the K3 worth the extra money? In this article, I'll directly compare the Kärcher K2 and K3 so you can decide which pressure washer is most suitable for your requirements and budget. The Kärcher K3 is a more powerful and expensive pressure washer compared to the Kärcher K2. The Kärcher K2 has a maximum pressure of 110 bar whereas the K3 has a maximum pressure of 120 bar. The K3 also has a longer hose and weighs slightly more. FeatureKärcher K2Kärcher K3 Max Pressure110 bar120 bar Max Flow Rate360 L/hour380 L/hour Power Rating1400 W1600 W Hose Length4 meter for K2 Compact5 meter for K3 Compact7 meter for K3 Power Control Weight3.7 kg for K2 Compact4.0 kg for K3 Power Control Kärcher K2 vs K3 Still considering other Kärcher models? Make sure you check out my guide to the Kärcher pressure washer range to make sure you're choosing the best option for your requirements. The Kärcher K3 is a more expensive, and hence more powerful model compared to the Kärcher K2. There are two main specifications to consider here: Flow rate Maximum pressure The Kärcher K2 has a maximum pressure of 110 bar, whereas the K3 has a maximum pressure of 120 bar. This means the K3 is around 9% more powerful in terms of pressure compared to the K2. The K2 has a maximum flow rate of 360 L/hour whereas the K3 has a maximum flow rate of 380 L/hour. Hence the K3's maximum flow rate is roughly 5.5% times higher than that of the K2. In a practical sense, although the K3 is more powerful, both machines can still be used for the same applications. K2 and K3 pressure washers are great for cleaning cars and even outdoor furniture, fences and flagstones. However, the extra kick that the K3 provides will help to speed up the process slightly. Both the Kärcher K2 and K3 are available in different versions. I'll explain the specification differences between each version later on in this article, but one of the most significant differences is the size. There are two versions of the K2: Compact and Power Control There are three versions of the K3: Compact, Home and Power Control All K3 models are larger and heavier than the K2 models, however, there isn't much of a difference between the size and weight of the K2 Power Control and the K3 Compact models. Here are some tables showing the dimensions and weights of each pressure washer in the range. Kärcher ModellLengthWidthHeightWeightK2 Compact18.0 cm21.9 cm38.9 cm3.7 kgK2 Power Control24.6 cm28.0 cm58.6 cm4.0 kgK3 Compact26.4 cm25.6 cm45.0 cm4.2 kgK3 Home27.5 cm27.9 cm80.2 cm6.5 kgK3 Power Control29.7 cm29.0 cm67.7 cm4.4 kg Kärcher ModellLengthWidthHeightWeightK2 Compact7'8.6"15.3"8.2 lbsK2 Power Control9.7"11.0"23.1"8.8 lbsK3 Compact10.4"11.0"17.7"9.3 lbsK3 Home10.8"11.0"31.6"14.3 lbsK3 Power Control11.7"11.4"26.7"9.7 lbs Aside from the differences in size, flow rate and maximum pressure between the K2 and K3, there are also some other notable differences. The K2 models have a power rating of 1.4 kW whereas the K3 models have a power rating of 1.6 kW. This means the K3 will use slightly more electricity. The hose lengths are the same power rating, maximum pressure rating, flow rate and an air-cooled motor. What varies between them is the size, hose length, detergent application method, handle and hose storage system. Again, the "Home" version of the K3 Compact and the standard "K3 Home" model comes with a patio cleaner and detergent. Here is a table highlighting the differences between them. FeatureK3 CompactK3 Compact HomeK3 HomeK3 Power ControlK3 Premium Power ControlHose Length6 meters6 meters6 meters7 meters7 metersWeight (without accessories)4.2 kg4.2 kg5.6 kg4.4 kg5.6 kgDimensions (L x W x H)26.4 x 25.6 x 45.0 cm26.4 x 25.6 x 45.0 cm27.5 x 27.9 x 80.2 cm29.7 x 28.0 x 67.7 cm34.0 x 28.1 x 67.7 cmDetergent ApplicationSuctionSuctionTankTankTankTelescopic HandleYesYesNoYesYesIntegrated Hose ReelNoNoNoNoYesLED Trigger DisplayNoNoNoNoYesAccessories IncludedVario Lance Dirt BlasterVario Lance Dirt BlasterPatio CleanerVario LanceDirt Blaster Patio CleanerVario Lance Dirt BlasterVario LanceDirt BlasterPatio CleanerK3 versions compared Air-cooled motor 5 meter mains cable 40°C max water feed temperature Current type: 220-240 V In my opinion, the Kärcher K2 Compact offers the best value for money out of this selection. The only real drawback of this machine is the shorter hose, but it's cheaper to purchase a better quality one from an aftermarket provider than to get a more expensive pressure washer with a hose that's only slightly longer and still very stiff. The K2 Compact is easy to store and carry and the more expensive K3 models and K2 Power Control do not offer a significant increase in performance or features to justify the price in my opinion. Check out my complete guide to the Kärcher Pressure Washer range for more information. Here are some more articles you might find useful: Kärcher K3 vs K4 Kärcher K2 vs K4 K 3 Power Control pressure washer with G 120 Q Power Control spray gun and spray lances. With application consultant via app, which provides practical tips for even more efficient cleaning results. Thanks to the practical application consultant in the Home & Garden app, which can support the K 3 Power Control pressure washer, Kärcher makes possible even better cleaning results - and turns the user into a cleaning expert. The app also offers a comprehensive service including information on the device, the application and the Kärcher Service portal. The appropriate pressure level for the application can be set directly on the spray lance and checked on the display of the G 120 Q Power Control spray gun - for maximum control and the ideal pressure for every surface. Switching from high-pressure to detergent mode can be done without changing the spray lance. The detergent can be applied quickly, simply and comfortably from the integrated detergent tank. The K 3 Power Control from Kärcher also impresses with an extendable telescopic handle for comfortable transport and storage, a stand for greater stability, holders for accessories and cable, as well as the Kärcher Quick Connect system. The stand can also be used as a second carrying handle, making the device very easy to lift onto a shelf or load into a car boot. The Kärcher Home & Garden app makes you a cleaning expert. Make use of our extensive Kärcher knowledge for the perfect cleaning results. Convenient comprehensive service - all info on the device, its application and our Service portal. The optimal setting for every surface. Three pressure settings and one detergent setting. Full control - the manual display shows the settings that have been set. Quick Connect for easily connecting high-pressure hose and accessories. For a convenient pulling height. Completely retractable for optimal storage. Clean and convenient - the detergent tank can be removed for filling. The practical detergent tank simplifies the application of detergents. Kärcher detergents increase efficiency, and protect and care for the surface.
