The moment he had been dreaming about for so long finally happened! O'Brien made his move to speak to him outside of work. In order to get Winston his address he used the excuse of needing to get the tenth edition of the Newspeak dictionary to him. Under usual circumstances, no one was to know the location of a person's home or see one another outside of work. His mind jumped to the process that had started with the opening of the diary and culminating at this moment with this summons from O'Brien. Even in his excitement, he felt deadlier than ever. Part 2, Chapter 6 Analysis More words such as death, chilly, frightening, shuddering, dampness and grave, continue the mood. The place where O'Brien confronted him was almost the exact spot where Julia slipped him the note, which was in the Ministry. Finally, one day while in the hallway at the Ministry of Truth, O'Brien stops Winston to talk to him. Winston has the urge to run away, but is also intrigued and excited. O'Brien asks Winston about his knowledge of Newspeak. O'Brien alludes to Syme who disappeared and is now referred to as an unperson, and is forbidden to be spoken about which makes Winston feel that O'Brien might be on his side. O'Brien tells Winston that he can see a Newspeak dictionary if he comes to O'Brien's house one evening. Winston is overwhelmed by the momentum of events that have recently happened to him. He thinks that meeting O'Brien at his house will continue the path of rebellion that he has already set since his very first rebellious thought. He thinks that the path will lead to the Ministry of Love, where he thinks he will likely be executed. Though he accepts his fate, he is delighted to have O'Brien's address. Nineteen Eighty-Four, Part 2, Chapter 6 Full Text It had happened at last. The expected message had come. All his life, it seemed to him, he had been waiting for this to happen. He was walking down the long corridor at the Ministry and he was almost at the spot where Julia had slipped the note into his hand when he became aware that someone larger than himself was walking just behind him. The person, whoever it was, gave a small cough, evidently as a prelude to speaking. Winston stopped abruptly and turned. It was O'Brien. At last they were face to face, and it seemed that his only impulse was to run away. His heart bounded violently. He would have been incapable of speaking. O'Brien, however, had continued forward in the same movement, laying a friendly hand for a moment on Winston's arm, so that the two of them were walking side by side. He began speaking with the peculiar grave courtesy that differentiated him from the majority of Inner Party members. I had been hoping for an opportunity of talking to you, he said. I was reading one of your Newspeak articles in The Times the other day. You take a scholarly interest in Newspeak, I believe? Winston had recovered part of his self-possession. Hardly scholarly, he said. Im only an amateur. Its not my subject. I have never had anything to do with the actual construction of the language. But you write it very elegantly, said O'Brien. That is not only my own opinion. I was talking recently to a friend of yours who is certainly an expert. His name has slipped my memory for the moment. Again Winston's heart stirred painfully. It was inconceivable that this was anything other than a reference to Syme. But Syme was not only dead, he was abolished, an unperson. Any identifiable reference to him would have been mortally dangerous. O'Brien's remark must obviously have been intended as a signal, a codeword. By sharing a small act of thoughtcrime he had turned the two of them into accomplices. They had continued to stroll slowly down the corridor, but now O'Brien halted. With the curious, disarming friendliness that he always managed to put in to the gesture he resettled his spectacles on his nose. Then he went on. What I had really intended to say was that in your article I noticed you had used two words which have become obsolete. But they have only become so very recently. Have you seen the tenth edition of the Newspeak Dictionary? No, said Winston. I didnt think it had been issued yet. We are still using the ninth in the Records Department. The tenth edition is not due to appear for some months, I believe. But a few advance copies have been circulated. I have one myself. It might interest you to look at it, perhaps? Very much so, said Winston, immediately seeing where this tended. Some of the new developments are most ingenious. The reduction in the number of verbs that is the point that will appeal to you, I think. Let me see, shall I send a messenger to you with the dictionary? But I am afraid I invariably forget anything of that kind. Perhaps you could pick it up at my flat at some time that suited you? Wait. Let me give you my address. They were standing in front of a telescreen. Somewhat absent-mindedly O'Brien felt two of his pockets and then produced a small leather-covered notebook and a gold ink-pencil. Immediately beneath the telescreen, in such a position that anyone who was watching at the other end of the instrument could read what he was writing, he scribbled an address, tore out the page and handed it to Winston. I am usually at home in the evenings, he said. If not, my servant will give you the dictionary. He was gone, leaving Winston holding the scrap of paper, which this time there was no need to conceal. Nevertheless he carefully memorized what was written on it, and some hours later dropped it into the memory hole along with a mass of other papers. They had been talking to one another for a couple of minutes at the most. There was only one meaning that the episode could possibly have. It had been contrived as a way of letting Winston know O'Brien's address. This was necessary, because except by direct enquiry it was never possible to discover where anyone lived. There were no directories of any kind. If you ever want to see me, this is where I can be found, was what O'Brien had been saying to him. Perhaps there would even be a message concealed somewhere in the dictionary. But at any rate, one thing was certain. The conspiracy that he had dreamed of did exist, and he had reached the outer edges of it. He knew that sooner or later he would obey O'Brien's summons. Perhaps tomorrow, perhaps after a long delay he was not certain. What was happening was only the working-out of a process that had started years ago. The first step had been a secret, involuntary thought, the second had been the opening of the diary. He had moved from thoughts to words, and now from words to actions. The last step was something that would happen in the Ministry of Love. He had accepted it. The end was contained in the beginning. But it was frightening: or, more exactly, it was like a foretaste of death, like being a little less alive. Even while he was speaking to O'Brien, when the meaning of the words had sunk in, a chilly shuddering feeling had taken possession of his body. He had the sensation of stepping into the dampness of a grave, and it was not much better because he had always known that the grave was there and waiting for him. Winston feels as though he has been waiting for this moment for his entire life. O'Brien discusses with Winston the tenth edition of the Newspeak dictionary, and tells him that he can take a peek at it if he makes a visit one evening. Accepting O'Brien's home address, Winston feels affirmation with regards to the conspiracy that he has dreamed of. He feels that this event is a continuation of what he started with the diary and then with his affair with Julia. Yet he still accepts that it will eventually lead to death at the Ministry of Love.
