Athan pro for pc free download

Athan (Azan) Basic from the Finder Islamic is a free tool that helps Muslims to carry out everyday devotions wherever they are in the world. Athan, also written Azan, Azaan and Adhan, is the daily call of Islam to prayer. Muslim prayer depends on the accurate knowledge of the time and the position of the individual, both in relation to mecca and the sun. All you have to do is establish your position in the world and to Athan (Azan) basic problems Automatic calls to prayer at the right time of day, five times a day. This tool supports standard and Hanafi juristic methods and offers different ways to calculate sunrise and sunset. Athan (Azan) Basic is compatible with 32-bit and 64-bit Windows. When installing Athan (Azan) Basic, you need to enter your geographical position from large lists of countries and cities. You can also insert your latitude and longitude, time zone and day-saving time options directly. We entered our city and clicked Save. The simple and improper interface of the program displayed the current time, our position and the next 6 prayer times. A message at the bottom of the interface displayed the time until next FAJR. This is just the beginning of the basic offers of Athan (Azan), though. For example, the Tools menu has a complete list of monthly prayer times, Athan texts, Islamic special days and other pop-ups. Some listed functions are available only in the Pro Software version, such as Koran's recitations, calendars and Qiblah. The Options menu includes tools for tuning minutes and data Hijri. You can download extra tools in addition to accessing a variety of optional web services such as worldwide prayer times, coracanic research and comment, photo galleries and source code; Also the prayer instructions. An app is available for mobile phones. The program FAQ file guide file does a good job explaining what does it and how to use it.athan (Azan) Basic is an excellent standalone app for Muslim devotees anywhere in the world. It is also a good introduction to Athan Pro, which offers not only more athans but also the ability to add their Athans. Give your ability to boost with educational software. From E-Books and Language Software to the Fitness Apps and Typography Tutors, we choose the best educational tools to keep your acquaintance. Duolingo: Learn Languages â €
