Continue

2ndLine is a free, full-featured app that gives you a second number on your cell phone with free calls and SMSs in the US or Canada. Unlike similar apps such as Numero eSIM or Hushed, 2ndLine doesn't push you into buying a subscription and is completely free to use.As more companies acquire your real phone number, the less secure your data becomes. Unless you manage your privacy options carefully with each firm, you can find yourself being bombarded with marketing SMSs and unsolicited marketing calls.What is the use of the 2ndLine app?For personal use, you can add it when subscribing to online accounts such as shopping or social media to give you greater privacy control over your real number. In business, you can use it as a dedicated customer line, allowing you to keep professional and personal communications separate.Is it safe to use the 2ndLine app?The app's developer TextNow has been around since 2009, and they have an excellent reputation. Just like any app that offers a call-forwarding service, they'll need to store your real number. Your communications are routed through their servers, so they have the ability to record your conversations from both ends. As usual, you should check the Privacy Policy before signing up.Can I keep my 2ndLine number?Yes. You can-and there are two ways to do so:Make at least one SMS call per day to keep your number active. Numbers are only recycled when they have been inactive for a longer than the normal period in relation to your usage patterns. You always get a warning before your number is going to be recycled to give you the opportunity to retain it.Purchase a Premium package-monthly and yearly rates are offered. For as long as you have a subscription, you can keep your number, and the app remains ad-free.The developer's rapid responsiveness to customers instills further confidence in this excellent, free second number service that is free to use. Features such as voicemail and multimedia messaging are integrated seamlessly into your normal smartphone or tablet use, so there's virtually no learning curve involved.Should you download it?Definitely yes. Whether you want to use it for the second number or just to access great international calling rates.HighsFreeIntegrates well with your phone's voicemail and messaging appsMonthly subscription available for ad-free premium packageClean, simple-to-use interfaceGreat international tariffsLowsOnly available in the US and CanadaWithout a subscription, ads can be annoying ID: me.number.app.im Download APK now Warranty safe installation, no addition ads or malware 2nd Line is a second phone number system for Android device!
