Free english worksheets 7th grade

An excerpt passage from A Little Princess. There is a lot of dialogue in this one. What does Sara's father say that she always wants to do when she sees people in trouble? Compare and contrast the personalities of Sara and Ermengarde. How would you describe the speaker's world view? What is the fire and what is the ice? What do you think this poem is about? The trees had been stripped by a recent wind of their white covering of frost, and they seemed to lean towards each other, black and ominous, in the fading light. What does Henry think is behind what Bill tells him about feeding the dogs? Did Earhart and Noonan survive? We explore this notion. Why is the mystery about what happened to Amelia Earhart "far from over?" A section for From The Light Princess. Discuss the different ways in which the princess is "without gravity." The passage below is from the novel Jack and Jill by Louisa May Alcott. In the passage, a group of friends are out sledding on a winter's day. Read the passage, then answer the questions. Which coast does Jill choose for Jack to take her down? The American Revolution had a number of important catalysts, not the least of which was the character of the American people themselves. What role did the character of the American people play in the American Revolution? A scored passage from From Little Women. What causes Laurie to forget his bashfulness and grow sociable? From 1831 to 1836, Charles Darwin traveled the waters of South America on H.M.S. Beagle as a naturalist. He recorded what he observed of the natural world around him in a diary that was later published as The Voyage of the Beagle. Examine a piece by Mark Twain. How many cities have the distinction of being built in order to commemorate a famous victory (or defeat) by Charlemagne? Intervertebral disc disease (IVDD) is a serious neurological disorder in which a disc or cushioning pad between the vertebra of the spinal column degenerates, bulges outward, or even tears. What is the goal in treating IVDD patients? The first NASCAR-based track was the Darlington Raceway in South Carolina, which opened in 1951. What is the least amount of money that a corporation typically spends on to sponsor a NASCAR car? An MRI can show things that cannot be shown by other procedures such as an X-ray, an ultrasound, or a computer tomography (CT) scan. This dog is believed to have been a cross between a bulldog and an English White Terrier, a breed that is now extinct. What was the name of the one confirmed Boston Terrier ancestor? The passage below is from Democracy in America by Alexis De Toqueville. The passage below is from Democracy in America by Alexis De Toqueville. English grammar can be tricky to master. Even native English speakers struggle with the rules that govern their language. But the collection of English grammar worksheets and activities on this page should give students some good practice with this broad topic. In each section on this page, I have listed some of the best worksheets from each topic. Yet this website has even more to offer. At the end of each section will be a link. Click these links to go to the pages dedicated to each topic and find even more FREE, valuable practice worksheets, PowerPoint lessons, and activities about English grammar. Grammar Worksheets Capitalization Worksheets Learning about English grammar? You've come to the right place. Capitalization can be tricky in the English language. It's not impossible to master, however. These capitalization worksheets will put your students on the path to mastery. The worksheets below are just a sampling of the capitalization resources on this website. Click here for all of my capitalization worksheets and resources. Capitalization Worksheet 1 - Students read 15 fun sentences themed around books and the act of reading. All of the sentences are written in lower case letters. Students will identify the words that need to be capitalized and highlight or circle them. Then they will complete a number of capitalization related tasks. Capitalization Worksheet 1 | RTF Capitalization Worksheet 1 | PDF Capitalization Worksheet 1 | Preview Capitalization Worksheet 1 | Answers Capitalization Worksheet 1 | Ereading Worksheet Capitalization Worksheet 2 - Here's another fun capitalization worksheet. This time it's themed around pirates, and it's a lot of fun. Students identify the capitalization errors in 15 sentences. Then they write their own sentences in which they practice the rules of capitalization. Capitalization Worksheet 2 | RTF Capitalization Worksheet 2 | PDF Capitalization Worksheet 2 | Preview Capitalization Worksheet 2 | Answers Capitalization Worksheet 2 | Ereading Worksheet Capitalization Worksheet 3 - Here's one more capitalization worksheet to help students reach mastery. This one is themed around space aliens and has a lot of fun little tricks written into it. After this one, your students should be ready for a test. Capitalization Worksheet 3 | RTF Capitalization Worksheet 3 | PDF Capitalization Worksheet 3 | Preview Capitalization Worksheet 3 | Answers Capitalization Worksheet 3 | Ereading Worksheet Click Here For More Capitalization Worksheets and Resources Click Here For More Resources on Nouns and Noun Types Contractions Worksheets Contractions are useful for saving time. They are not formal, however, and should rarely be used in academic writing. Yet learning how to form contractions and when they should be used is an important part of mastering English grammar. Here are some worksheets to help your students develop this mastery. Click here for all of my contractions worksheets and resources. Contractions Worksheet 1 - Students practice identifying and making contractions in this fun worksheet that follows that adventures of a couple fictional cowgirls. This activity is available as a printable worksheet, an editable RTF file, or an online activity. Contractions Worksheet 1 | RTF Contractions Worksheet 1 | PDF Contractions Worksheet 1 | Preview Contractions Worksheet 1 | Answers Contractions Worksheet 1 | Ereading Worksheet Contractions Worksheet 2 - Here's some more practice with contractions for students. This worksheet has 15 sentences about cats at an airport. Students identify the words that can be contracted in each sentence. Then they write five sentences in which they form their own contractions. Try the online version! Contractions Worksheet 2 | RTF Contractions Worksheet 2 | PDF Contractions Worksheet 2 | Preview Contractions Worksheet 2 | Answers Contractions Worksheet 2 | Ereading Worksheet Contractions Worksheet 3 - Here's another 15 practice problems on contractions. In this activity, students circle word pairs that can be contracted. Then they practice making their own contractions in original sentences. This one is fun for the whole family. Contractions Worksheet 3 | RTF Contractions Worksheet 3 | PDF Contractions Worksheet 3 | Preview Contractions Worksheet 3 | Answers Contractions Worksheet 3 | Ereading Worksheet Click Here For More Contractions Worksheets and Resources Click Here For Resources on Punctuation Double Negatives Worksheets Negative words like not and no are an important part of any language. Using more than one negative word in a phrase or clause is generally considered bad grammar, however. The reason for this is that double negatives are confusing for readers and listeners. There is usually a simpler way to say or write it without using so much negation. Below are worksheets to help students recognize and avoid using double negatives. If you like these resources, visit my page on double negatives for an additional PowerPoint and video lesson on double negatives. Click Here For All My Worksheets and Resources on Double Negatives. Double Negatives Worksheet 1 - Looking for practice identifying negative words? This worksheet features 10 practice problems themed around some "brave" knights. Students circle the negative words in each sentence and then rewrite the sentences without using double negatives. Double Negatives Worksheet 1 | RTF Double Negatives Worksheet 1 | PDF Double Negatives Worksheet 1 | Preview Double Negatives Worksheet 1 | Answers Double Negatives Worksheet 1 | Ereading Worksheet Double Negatives Worksheet 2 - Are you still looking for practice identifying negative words? You've found it! This worksheet contains 10 more practice problems. This time the examples are themed around tennis players. Students identify the negative words and then rewrite the sentences without using double negatives. So much fun! Double Negatives Worksheet 2 | RTF Double Negatives Worksheet 2 | PDF Double Negatives Worksheet 2 | Preview Double Negatives Worksheet 2 | Answers Double Negatives Worksheet 2 | Ereading Worksheet Double Negatives Worksheet 3 - You can't get enough practice identifying negative words, can you? Well, this is the last worksheet on the topic that I have right now. Fortunately, it's a good one. This worksheet has 10 more sentences with double or triple negatives. This time the worksheet is themed around prospectors and claim jumpers. Once again, students will find the negative words and rewrite the sentences without double negatives. They are going to love this one. Double Negatives Worksheet 3 | RTF Double Negatives Worksheet 3 | PDF Double Negatives Worksheet 3 | Preview Double Negatives Worksheet 3 | Answers Double Negatives Worksheet 3 | Ereading Worksheet Click Here For More Double Negative Worksheets and Resources Homophones and Word Choice Worksheets Homophones are words that sound the same but are spelled differently. Mastering homophones is very tricky because there is no shortcut. Language learners just have to encounter, and remember, each set of similar sounding words. Here is a set of homophone and word choice worksheets that will help your students begin to master this skill. Click here for all my homophone and word choice worksheets and resources. Homophones Worksheet 1 - Here are 25 practice problems on homophones. This one is themed around ninjas, which students seem to enjoy. Students read each example and choose the word that best completes the sentence. Then they practice using tricky homophones in their own sentences. Homophones Worksheet 1 | RTF Homophones Worksheet 1 | PDF Homophones Worksheet 1 | Preview Homophones Worksheet 1 | Answers Homophones Worksheet 1 | Ereading Worksheet Homophones Worksheet 2 - Looking for more practice with homophones? Here are another 25 practice problems on homophones. This worksheet is themed around an alien visitor. Students will read the questions and choose the homophone that best completes each sentence. Then they will practice writing sentences of their own with commonly confused homophones. Homophones Worksheet 2 | RTF Homophones Worksheet 2 | PDF Homophones Worksheet 2 | Preview Homophones Worksheet 2 | Answers Homophones Worksheet 2 | Ereading Worksheet Homophones Worksheet 3 - Still looking for word choice practice? This worksheet contains another 25 problems. Students examine groups of homophones and choose the best one that completes each sentence. Then students write their own sentences. This worksheet is themed around an underwater adventure. I hope that your students enjoy this one. Homophones Worksheet 3 | RTF Homophones Worksheet 3 | PDF Homophones Worksheet 3 | Preview Homophones Worksheet 3 | Answers Homophones Worksheet 3 | Ereading Worksheet Click Here For More Homophone and Word Choice Worksheets and Resources Sentence Structure Worksheets Subjects and Predicates - Determine whether the sentence is missing a subject or predicate. Fill in the missing subject or predicate. Draw lines separating the subject and the predicate. Subjects and Predicates RTF Subjects and Predicates PDF Preview Subjects and Predicates in your Browser Subjects, Predicates, and Objects - Underline the subject, circle the predicates, and double underline the objects. You may want to download the RTF file and CTRL + F find and replace your name with mine if you intend on using this worksheet. Subjects, Predicates, and Objects RTF Subjects, Predicates, and Objects PDF Preview Subjects, Predicates, and Objects in your Browser Compound Subjects and Predicates - Underline the subjects, circle the predicates, determine whether the sentence has a compound subject, compound predicate or both. Compound Subjects and Predicates RTF Compound Subjects and Predicates PDF Preview Compound Subjects and Predicates in your Browser Was and Were Worksheet - Students circle whether "was" or "were" should be used in a variety of sentences and then circle why the form they chose was correct. Was and Were Worksheet RTF Was and Were Worksheet PDF Preview Was and Were Worksheet in Your Browser View Answers Clauses and Phrases Worksheets - Features the exciting theme of leprechauns. Circle the predicates, underline the subject, double underline the phrases. Clauses and Phrases Worksheet RTF Clauses and Phrases Worksheet PDF Preview Clauses and Phrases Worksheet in your Browser Looking For More Language Arts Worksheets? Parts of Speech Worksheets Punctuation Worksheets All Reading Worksheets Still looking for something? Search here. You are here: Home -> Worksheets -> Grade 7 This is a comprehensive collection of free printable math worksheets for grade 7 and for pre-algebra, organized by topics such as expressions, integers, one-step equations, integers, one-step equations, inequalities, speed, time & distance, graphing, slope, ratios, proportions, percent, geometry, and pi. They are randomly generated, printable from your browser, and include the answer key. The worksheets support any seventh grade math program, but go especially well with IXL's 7th grade math curriculum. The worksheets are randomly generated each time you click on the links below. You can also get a new, different one just by refreshing the page in your browser (press F5). You can print them directly from your browser window, but first check how it looks like in the "Print Preview". If the worksheet does not fit the page, adjust the margins, header, and footer in the Page Setup settings of your browser. Another option is to adjust the "scale" to 95% or 90% in the Print Preview. Some browsers and printers have "Print to fit" option, which will automatically scale the worksheet to fit the printable area. All worksheets come with an answer key placed on the 2nd page of the file. In seventh grade, students will study pre-algebra topics, such as integer arithmetic, simplifying expressions, the distributive property, and solving equations & inequalities. They continue studying ratio and percent and learn about proportions. Please note that these free worksheets do not cover all 7th grade topics; most notably, they do not include problem solving. Introduction to algebra The worksheets in this introductory section correspond with Math Mammoth Grade 7, Chapter 1, and don't involve negative numbers. Order of operations Expressions Equations One-step equations with whole numbers (no negative numbers involved) Integers Number line graphs and simple inequalities involving integers Addition and subtraction Multiplication & Division A good book on problem solving with very varied word problems and strategies on how to solve problems. Includes chapters on: Sequences, Problem-solving, Money, Percents, Algebraic Thinking, Negative Numbers, Logic, Ratios, Probability, Measurements, Fractions, Division. Each chapter's questions are broken down into four levels: easy, somewhat challenging, challenging, and very challenging. Many operations etc. One-step equations Rational numbers Convert decimals to fractions and vice versa Decimal Addition and Subtraction Decimal Multiplication and division This is a workbook series by Key Curriculum Press that begins with basic concepts and operations on decimals. Then the books cover real-world uses of decimals in pricing, sports, metrics, calculators, and science. The set includes books 1-4. => Learn more Fraction addition and subtraction Fraction multiplication and division These workbooks by Key Curriculum Press feature a number of exercises to help your child learn about fractions. Book 1 teaches fraction concepts, Book 2 teaches multiplying and dividing, Book 3 teaches adding and subtracting, and Book 4 teaches mixed numbers. Each book has a practice test at the end. => Learn more Scientific notation Complex fractions Equations and inequalities Key to Algebra offers a unique, proven way to introduce algebra to your students. New concepts are explained in simple language, and examples are easy to follow. Word problems relate algebra to familiar situations, helping students to understand abstract concepts. Students develop understanding by solving equations and inequalities intuitively before formal solutions are introduced. Students begin their study of algebra in Books 1-4 using only integers. Books 5-7 introduce rational numbers and expressions. Books 8-10 extend coverage to the real number system. => Learn more Algebra is often taught abstractly with little or no emphasis on what algebra is or how it can be used to solve real problems. Just as English can be translated into other languages, word problems can be "translated" into the math language of algebra and easily solved. Real World Algebra explains this process in an easy to understand format using cartoons and drawings. This makes self-learning easy for both the student and any teacher who never did quite understand algebra. Includes chapters on algebra and money, algebra and physics, algebra and levers and many more. Designed for children in grades 4-9 with higher math ability and interest but could be used by older students and adults as well. Contains 22 chapters with instruction and problems at three levels of difficulty. => Learn more Write a ratio and simplify it Ratio word problems Key to Percents first emphasizes mental computation and estimation skills--since most work with percents is done without pencil and paper. Then students are taught to solve percent problems using equal fractions and decimal multiplication. Finally, percents are used to solve word problems in a variety of applications. Key to Percents assumes only a knowledge of fraction and decimal computation. Book 1 covers Percent Concepts, Book 2 covers Percents and Fractions, Book 3 covers Percents and Decimals. => Learn more Area - these worksheets are done in the coordinate grid. Volume & surface area Since these worksheets below contain images of variable sizes, please first check how the worksheet looks like in print preview before printing. If it doesn't fit, you can either print it scaled (such as at 90%), or make another one by refreshing the worksheet page (F5) until you get one that fits. Here is a non-intimidating way to prepare students for formal geometry. Key to Geometry workbooks introduce students to a wide range of geometric discoveries as they do step-by-step constructions. Using only a pencil, compass, and straightedge, students begin by drawing lines, bisecting angles, and reproducing segments. Later they do sophisticated constructions involving over a dozen steps-and are prompted to form their own generalizations. When they finish, students will have been introduced to 134 geometric terms and will be ready to tackle formal proofs. => Learn more If you wish to have more control on the options such as number of problems or font size or spacing of problems, or range of numbers, just click on these links to use the worksheet generators yourself:
