ParametersValuesFile Name:Mega Man Xtreme 2 (U) [C]!.zipConsole/System:GBCGenre:PlatformFilesize:529.34KBRegion:JapaneseYear of release:2001Downloads:1408 Mega Man Xtreme 2, released in the year 2001, is an action platformer video game that is a follow up of Mega Man Xtreme and a spin-off of the Mega Man X series. Capcom developed and published the game for the Game Boy Color. The game here occurs in the 22nd century, where the year is known as 21XX and is between the game Mega Man X3 and Mega Man X4. The game follows the adventures of Hunters named Mega Man X and Zero, who need to extinguish the activity of some Reploids which go Maverick, causing troubles to the world like their destructive behavior and exhibiting violence. Gameplay The game player has many tasks by completing a set of side-scrolling levels by bypassing obstructions and defeating the bosses at the end-stage. Stages here are typically long and have several traps and enemy robots to battle. The players can collect DNA Souls and armor elements that give X new abilities, things that refill extra lives, health, and ammunition, including power-ups that increase the player's maximum health. Additionally, the player can earn their special weapon if they defeat the Maverick boss at the end-stage. Best Emulator for Mega Man Xtreme 2 ROM To play Mega Man Xtreme 2 ROM, you first need to download and run a Game Boy Color emulator on your device, which is mandatory. Some of the best Game Boy Color emulators you can run on MAC include Boycott Advance, OpenEmu, and Visual Boy Advance. If you wish to run on Microsoft Windows, you can install the emulators such as DeSmuMe, Snes9x, Basic Boy, bigan, OpenEmu, and BGB 1.5.3, and NO\$GBA. Similar Games There are many other games in the series of Mega Man X, and if you loved playing Mega Man Xtreme 2, you would even like the rest of the games; so, we have just mentioned three related games to Mega Man Xtreme 2 ROM. Mega Man XtremeIn the game, a group of Maverick android named Shadow Hunters has hacked the Mother Compute System of the world and destabilized all the networks, allowing other Maverick to cause havoc to the world. The player here needs to gain many power-ups like the armor parts and use their signature weapon; they should defeat the bosses in each stage. Moreover, the game also features bosses, enemies, and even stages from Mega Man X and Mega Man X2. Mega Man X3The game is also known as Rockman X3 and comes under the third game in the Mega Man X series. Like the previous games in Mega Man X, a series of intelligent robots called Reploids create destruction to the world, and the player has to stop it. The player travels through eight different stages in the game as he collects various items, unique weapons, and power-ups. Mega Man X: Command MissionThe game Command Mission is set in the 23rd century, where a metallic material called Force Metal is found that transforms the engineering for Reploids. The game differs from the rest of the Mega Man X games as this one is a role-playing game that is turn-based instead of an action platformer game. Mega Man Xtreme 2 is an action platformer game for the Nintendo Gameboy. In Japan, the game was originally released under the title Rockman X2: Soul Eraser.
